## 50 AR, 30 AR & 30

Want it all? Durability, low maintenance, and great looks? Then don't compromise - choose a shingle that can provide the best of all worlds.

Cambridge shingles provide exceptional strength and durability, low maintenance, and dynamic curb appeal. Better yet, they offer immense value, with a choice of either the premium Cambridge 30 AR & 30 shingles or our top of the line Cambridge 50 AR (Algae Resistant) shingles.

Exceptional strength and durability are two exemplary characteristics of IKO Cambridge shingles due to their double layer of extra-heavy fiberglass mat and tough modified sealant. This combination gives these shingles superior tear strength values and great resistance to high winds.

Their great looks are the result of larger, architectural design dimensions and blended shadow bands, which together provide more exposure and definition, thus providing the appearance of a classic wood shake. As a further enhancement to their appearance, Cambridge shingles are available in a unique array of computer-generated color blends.

Shingle color shown on house and swatch is Cambridge Harvard Slate.

### SPECIFICATIONS:

#### Cambridge 50 AR

Length	40 <sup>7</sup> / <sub>8</sub> " (1038 mm)
Width	13 <sup>3</sup> / <sub>4</sub> " (349 mm)
Exposure	5 <sup>1</sup> / <sub>8</sub> " (149 mm)
Coverage per Bundle	25 sq. ft. (2.32 m <sup>2</sup> )

## 50 AR, 30 AR & 30

**EAST**  
STRAIGHT CUT

- Fiberglass asphalt shingle.
- Laminated architectural design.
- Cambridge 50 AR & 30 AR shingles feature an algae resistant system.
- Class "A" fire resistance rating.
- Limited Wind Warranty coverage up to:
  - 90 mph (145 km/h) for Cambridge 50 AR;  
if installed with 6 nails and manually sealed,  
110mph (177 km/h).
  - 70 mph (112 km/h) for Cambridge 30 AR and 30.
- Limited 50 or 30 year warranties.\*\*
- 5 year IKO "Iron Clad" protection.\*\*

\*\* See Limited Warranty for details.

### Fiberglass standards\*

- ASTM D3462
- ASTM D3018
- ASTM D3161
- ASTM E108
- CSA A123.5
- CSA A123.51
- CSA A123.52

\* Designed and tested to comply at time of manufacture prior to packaging.

Note: 1.) All IKO fiberglass shingles require an asphalt felt underlayment when applied on slopes less than 8/12. 2.) Class "A" fire resistance rating is achieved only with the installation of felt underlayment. 3.) Cambridge 50 AR & 30 AR shingles feature an algae resistant system.

Shingle color shown on house and swatch is  
**Cambridge Dual Black.**

# GoldShield

Premium Ice & Water Protector

# ArmourGard

Ice & Water Protector

**“Invisible” protection that helps prevent roof leaks.**

- Helps prevent water leakage due to ice dams and wind-driven rain
- Improved flexibility for superior performance
- Slip-resistant surface for safe application
- Tear-resistant membrane
- Self-adhesive for watertight sealing
- Self-sealing around roofing nails
- Meets most building code requirements
